## **DETAILED ACTION**

### ***Response to Amendment***

1. Applicant's amendment, filed 09-24-2002, lacks a specific instruction to cancel the claims mentioned in the REMARKS section, page 6. Thus, these claims are treated as still pending.

### ***Claim Rejections - 35 USC § 102***

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1, 6, 7, and 14 are rejected under 35 U.S.C. 102(b) as being anticipated by Matsuzaki et al. (5,418,969).

Matsuzaki teaches the system for dynamically and automatically selecting a clock frequency for a resource accessed by controllers (OP UNIT's 11 in Figure 1), wherein the bandwidth utilized by the controllers are registered in the counters for dynamically and automatically selecting one of a plurality of clocks for the resource (column 3, lines 31-63 and column 4, lines 26-68).

### ***Claim Rejections - 35 USC § 112***

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Art Unit: 2663

5. Claims 4 and 5 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 4, lines 1-2, "the circuitry for dynamically and automatically selecting" lacks a proper antecedent basis in claim 20 because of the terms "dynamically" and "automatically."

***Allowable Subject Matter***

6. Claims 2, 3, 8-13 and 15-17 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

7. Claims 4 and 5 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

8. Claims 18-24 are allowed.

***Conclusion***

9. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 2663

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
